The board conducted a short meeting at the SARA annual picnic. There was nothing new to report by any of the board members present.

There was some discussion of the possibility of creating a club remote station and all that would entail. The board agreed to spend approximately \$100 to purchase the software required and Fred Cunningham will try it out with one of his radios.

The September meeting will be a recap of field day operations and preliminary results.

The board also thanked John Sabini again for hosting another great SARA picnic.
