Murray Green, K3BEQ, Guest

December's club meeting had approximately 13 attendees via Zoom.

Terry Martin reported that he has successfully sold some of the club's miscellaneous equipment for about \$200 dollars and at year end the club's balances in all accounts sits at approximately \$7,800.00.

The club is still having some ongoing trouble with our gmail account and the board will continue trying to resolve our issues and board access to the account.

Murray Green W3BEQ suggested to the board that we allow nonmember access to our Remote Ham station as there has been limited interest from current club members in hopes of getting new members. After some discussion the board agreed to allow access for 60 days in hopes of gaining new membership possibly at our out of state ten dollar a year dues option.

January is our annual meeting in which we elect appropriate Officers and approve a dollar limit that the board may not exceed without a membership vote or special meeting.

The January presentation will be a reintroduction to Remote Ham and how it works and tentatively Terry Martin K1FI will be making a presentation for our February meeting, topic to be announced.
